Three - two cars and a motorbike

What is your mechanical speciality?

I'll top up a radiator any day!

VS Commodore. Got it from my parents in high school. I wasn't going to be picky!

What has been your most memorable experience in any vehicle you have owned?

Taking my Nan and Pop to their 50th wedding anniversary in it.

Where is the best place to go in CQ for spin?

Down to Emu Park. I love that drive with my girlfriend on a Sunday afternoon.

I'd love a HK Monaro, great shape.

How much do you think you have spent on your car obsession?

Maybe \$8000.

How much work has

gone into your featured car?

12 months of weekends here and there.

How many hours each week do you get to work on your cars?

Probably one to two per month.

What has been the best thing anybody has ever said about one of your cars?

I get a lot of older guys coming up to me when it's parked or when I'm getting petrol and talk about a similar model or car they had from that era.
